

ISAI COMMUNICATION 8

Normally at this time of year the Ice Skating Association of Ireland (ISAI) releases the announcement for Irish National Figure Skating Championships. Unfortunately, there is nothing normal about this year, and it is with regret that the ISAI is unable to announce the 2021 Irish National Figure Skating Championships in the usual manner.

The ongoing Global Pandemic is continuing to disrupt the normal function of the association in organising skating and competition events this season. The team at the ISAI are working extremely hard within the Irish Government's and Sport Ireland's regulations to find a solution to hosting the 2021 Irish National Figure Skating Championships without breaching any regulation and ensuring the safety of all involved at such an event.
