Dear friends.

1. GENERAL INFORMATION

City of Trnava - the uniqueness of cultural and historical sights and most of all the plenitude of church buildings are the main attributes of the ancient-looking Trnava, one of the most attractive towns in Slovakia. "The pearl" among Slovak towns, often called as "the little Slovak Rome", has for centuries welcome tourists and visitors to show them its valuable treasures. Welcome to Trnava – the centre of lower Považie.

2. ICE RINK

The ice rink has main rinks used not only by hockey players but also figure skaters and anyone who just wants to "aerate" their favourite skates. The ice rink is also used by schools and kindergartens; however its premises are predominantly used by Trnava Hockey Club. Trnava Figure Skating Club, which associates skilful children who would like to learn skating, also uses its premises. If trainers feel your children are more skilful than the others, they can become the members of figure skating, speed skating or hockey club. The ice rink also offers public skating for the broad public. Further information on the opening hours can be found on the rink website.

3. TRAVEL EXPENSES AND ACCOMODATION

Those of you who have a car can choose two routes to Trnava: the motorway or the "old way".

The D1 motorway is the primary route leading from Bratislava to Trnava, Žilina, Prešov and Košice. This is the fastest way and after half an hour you can already enjoy a coffee in the city centre. Otherwise you can take the „old road“ which takes about twice as much time behind the wheel, but you get to know the surrounding towns. You will proceed towards Senec, then follow the signs towards Blatné, further you can visit Báhoň and you will pass along Cífer. Now that you have all the information above, we hope nothing will prevent you from visiting our beautiful city.

The possibilities of accommodation will be offered on the web site <http://www.vitajtevtrnave.sk/en>.
