

ISAI COMMUNICATION 15

Irish National Figure Skating Championships 2026

Due to circumstances beyond our control, it is not possible for us to host the Irish National Figure Skating Nationals 2026 at the usual timeframe and it is our intention to host the event at a different location later in the year. We are currently working towards this and will announce a date and location as soon as details are finalised.

In light of this, all skaters who were planning to enter nationals are invited to submit a video or their short / rhythm and free programs to be considered in the pool of skaters for National Team Selection. Videos should be sent no later than 5pm (Irish Time) 15th May 2026, to info@isai.ie

We thank you for understanding the changes this year, and your continued flexibility in these extraordinary circumstances.
